

2085

FROSTBITER SAILING GLOVE

2085: Frostbiter – Five Finger

A weather-resistant sailing glove designed for active line handling in cold conditions.

MATERIALS

Sticky, abrasion-resistant Black Magic® palm and finger wraps provide superior grip, while maintaining dexterity and freedom of movement.

Stretch-woven material bonded to neoprene over the back of the hand for warmth in wet conditions. Stretch softshell fleece panels for mobility and insulation.

FEATURES

- Complete 5-finger protection for added warmth.
- 1.5 mm neoprene and softshell fleece panels give warmth and mobility.
- Black Magic® palm material for superior grip, lasting protection.
- Durable Black Magic® finger wraps reduce seam bulk, and increase dexterity.
- Protective palm pad.
- Extended neoprene cuff mates with spray top.
- Molded-rubber wrist closure.
- Stretch softshell fleece at base of fingers for a soft, custom fit.
- Molded-rubber guard strips on back.
