SOFTSHELL

FLEECE VEST

2007: Women's Vest

Windproof, water-resistant, breathable, bonded softshell fleece.

Harken's Softshell is a hybrid layer that evolved by combining these essentials: windproof, breathability, water resistance, stretch, and insulation. This durable midweight layer fits a range of sailing styles, climates, and personal tastes.

FABRICS

3-Layer Fabric: Durable hard-face polyester/spandex with 4-way stretch and DWR coating, PU membrane, bonded fleece.
